The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1,4,5,6,13 are rejected under 35 U.S.C. 103(a) as being unpatentable over . Fast et al. 4718627 in view of Conway et al. 5284259 Fast et al. teach a strip merchandiser 10 having an elongate body 28 having a plurality of longitudinally spaced product mounting hooks 18 and a header portion 14 having different characteristics to those of the body portion. Note reduced width section adjacent the intersection between the header portion and body portion (Fig. 3, Fig. 4, and Fig. 5) wherein neck portion 40 is created by providing a pair of opposed lateral cuts 22. Conway et al. teach a strip merchandiser wherein the neck portion has material removed therefrom on either side for the purpose of facilitating hanging. Applicant's remarks have been considered but are moot in view of the new grounds of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
